

TRANSPORTATION INFRASTRUCTURE ADVISORY BOARD MINUTES

June 1, 2016

Members Present: Ryan Daniel, Steve Ludwig, Hazel Youngmann, Kurt Franke (arrived at 4:20)

Members Absent: Sue Ek, Tama Theis, Caleb Dirckx

City Staff Present: Janice Koetter, Recording Secretary

Chairperson Ludwig called the meeting to order at 4:00 p.m.

Daniel moved to approve the May 4, 2016, minutes. Ludwig seconded and the motion unanimously passed.

Ludwig had a handout on portable signs that the City could install after our projects are done (New Road Surface – Speed Limit is Still 35 mph – Or We'll Put the Potholes Back).

Youngmann noted that it has been brought up to her that there is traffic congestion on University Drive. Ryan was not familiar with any on University Drive. Youngmann will have an exact location for the next meeting.

Youngmann asked for an update on 2016 projects. Koetter reported that 12th Street North/Northway Drive will be starting on July 11, 2016. It is expected to be completed by the end of September. Work on the 33rd Avenue Improvements will be starting on Monday, June 6, 2016.

Daniel reported that the MTC will be launching a new website in a few months. They are also in the process of changing their from names to numbers. Youngmann expressed concern that the MTC will not be serving WACOSA between Phases 1 and 2. Daniel will check into it and suggested they discuss it further at the MTC Board meeting in two weeks.

Franke noted that he calls in traffic concerns directly to Public Works. That has been working well, and they are very receptive to it.

Franke reported that someone drives down Centennial Drive and drops a bag of garbage (potato peelings, etc.) every two weeks. Public Works has sent out a letter to the neighborhood to be proactive and to try to find out who is doing it.

Ludwig reported that there are some potholes on the west side of Courthouse Square. Koetter will report to Public Works.

Franke reported that he will be getting a small committee of bicyclists together to work on making the City of St. Cloud a Bicycle Friendly Community. He has not done anything with this yet. Franke will let Cheryl Malikowski or Steve Foss know when to put this item back on the agenda. He will also let the TIAB Board know if he needs help.

Ludwig requested that Steve Foss provide an update and status of 2016 projects at the next meeting.

Ludwig reported that the APO has a new executive director.

Meeting adjourned at 4:35 p.m.
