Total Worksheet Fee to Input into Permit **\$**

** This will not be your permit fee, the permit fee is the larger of the Worksheet Fee OR total number of inspections required x \$35.00, PLUS the Minnesota State Surcharge.
 The eTRAKiT system will automatically take the larger of the two fees (Worksheet or Inspection) and add the Minnesota State Surcharge of \$1.00 OR .0005 x Total Permit Fee when the permit fee is over \$2010.00.
 Investigation fees will be added while inputting the permit in the eTRAKiT system.*
