

Water Treatment Facility Advanced Process Improvement November 2021

*The Water Treatment Facility is staffed 24/7/365.
For inquires or construction-related emergencies, please call (320) 255-7225.*

CONSTRUCTION PROGRESS

The Ozone and UV equipment location has a cap of precast panels. On top of the precast panels a structure will be erected, which will have additional equipment and working spaces.

FAQs

A construction website was created. The website has additional project information.

Please use this link. <https://ci.stcloud.mn.us/WaterProject>

The Webcam link is also on the Construction Website. Please click on that link for a live look at the construction project.
