

Water Treatment Facility Advanced Process Improvement March 2022

The Water Treatment Facility is staffed 24/7/365. For inquires or construction-related emergencies, please call (320) 255-7225.

CONSTRUCTION PROGRESS

Under ground, the separation of the large area for safety will have mechanical, electrical, ozone and UV equipment.

The area above the ozone and UV equipment space is starting to take shape. The new space will have the main entrance, educational space, mechanical and electrical rooms, and office spaces.

FAQs

A construction website was created. The website has additional project information. Please use this link. <https://ci.stcloud.mn.us/WaterProject>

The Webcam link is also on the Construction Website. Please click on that link for a live look at the construction project.
