

Water Treatment Facility Advanced Process Improvement September 2022

The Water Treatment Facility is staffed 24/7/365. For inquires or construction-related emergencies, please call (320) 255-7225.

CONSTRUCTION PROGRESS

Liquid oxygen tanks have arrived and been set into place. Setup and tear down of the crane took over 6 hours. Flying in the two tanks from 5th Avenue took 45 minutes. The two large vessels will contain liquid oxygen, which will be used to create ozone to alleviate organics in the water.

FAQs

A construction website was created. The website has additional project information. Please use this link.

<https://ci.stcloud.mn.us/WaterProject>

The Webcam link is also on the Construction Website. Please click on that link for a live look at the construction project.
