

Water Treatment Facility Advanced Process Improvement March 2023

The Water Treatment Facility is staffed 24/7/365. For inquires or construction-related emergencies, please call (320) 255-7225.

CONSTRUCTION PROGRESS

The Water Treatment Facility Advanced Process Improvement Project included Ultraviolet (UV) light for disinfection. To energize this equipment additional medium voltage wiring had to be connected to the main feed of 4,160 volts coming into the facility.

FAQs

A construction website was created. The website has additional project information. Please use this link.

<https://ci.stcloud.mn.us/WaterProject>

The Webcam link is also on the Construction Website. Please click on that link for a live look at the construction project.
