

Water Treatment Facility Advanced Process Improvement October 2023

The Water Treatment Facility is staffed 24/7/365. For inquires or construction-related emergencies, please call (320) 255-7225.

CONSTRUCTION PROGRESS

Construction has been slower the last few months. We are currently at 85% completed. The finishing supplies and equipment will arrive spring 2024. While fifth Avenue North has been reopened for vehicle and foot traffic, there is two-way traffic limitations directly in front of the building as the road is narrower. When we do get snow, the Hester Park sledding hill is available to all residents again!

FAQs

A construction website was created. The website has additional project information.
Please use this link.
