

# Aquatics

District 742 Community Education and City of St. Cloud Park and Recreation have a long-standing collaboration in Community Aquatics. Together we provide high quality programs such as preschool swim lessons, school age swim lessons, private lessons, and American Red Cross training.

## Mid-Minnesota Community Aquatic Swim Program

Our goal as a swim lesson provider is to provide smaller class sizes, stroke development, build endurance, educate participants on safety in and out of the water and most important having fun. Our caring and dedicated staff will use positive feedback, effective lesson planning, class management and a variety of teaching techniques to provide a quality program. We hope to see you this summer!

Community Education and St. Cloud Park and Recreation will continue to follow the Executive Order, CDC and MDH guidelines. We have limited the number of classes and number of participants in each class. We ask that all participants arrive no earlier than 5 minutes before your scheduled lesson and that participants come ready in their swim attire. We will continue to update participants if any changes are needed.
